Message from the Principal, Mrs Jody Stehbens

Discipline Audit for Kruger State School

We have been advised that we will have our Discipline Audit on Wednesday 27th August from 7.00am – 4.30 pm. A Discipline Audit will give us feedback on our student engagement strategies, including our student attendance processes. The auditor will talk with many staff, students and parents as well as audit our school documents, routines and procedures to give us confirmations and recommendations on our discipline and student engagement practices. The results of this audit will be outlined at the next P&C Meeting and put up on our school website shortly after we receive our report.

Congratulations Kruger Crocs 2014

The Senior Boys’ Rugby League Team last week bowed out of, both the Development (State) and Metropolitan Cup competitions. It was a difficult week to prepare for these important games due to camp and various other reasons. As a result of this, the boys forfeited their Metropolitan Cup semi-final match last Friday. It was a sad way to end our regular season, especially considering the success we’ve had throughout the year. However, we look forward to ending our year on a high note in a few upcoming tournaments.

The U9s were successful enough to make it through to the Metropolitan Cup Final played at Suncorp Stadium. The boys unfortunately lost the final in a close 24-20 game. In the end, our boys played well as a team and showed the coaches a few well trained moves. The boys scored each time we had the ball but, unfortunately, they gave away a few penalties and the game went with our opposition. We look forward to competing again next year in Under 10’s.

Professional Development Teachers

On Monday, all teachers participated in a twilight professional development session around student management. These sessions were run by our Deputy Principal, Mrs Moore, and our Positive Behaviour Support Team (PBS). Teachers participated in a series of workshops that supported them to use data to refine our whole school and classroom process to maximise student engagement. This PBS Team meets several times a term to monitor student data, develop positive behaviour lessons and give feedback to the leadership team.

Bike Safety

During the last couple of weeks, staff have spoken to many students about riding safely to and from school. I have spoken to students about crossing Kruger Parade at the crossing, walking their bikes through the crowded area outside the front gate and, very importantly, wearing a helmet. If your child rides a bike or scooter to school could I please ask you to have a word to them about bike safety to reinforce what we are taking about at school. I’m sure we want everyone to BE SAFE.

Thank you for participating in our Open Classrooms and IPAD P&C sessions

It was great to see so many parents and grandparents at our IPAD information session and daytime P&C Meeting. The Prep – Year 2 teachers are working with our Deputy Principal, Mr Smith, to get our IPAD program underway very soon.

Our Open Classrooms were a great success. Many parents came along to have a look at what a session in class looks like. Feedback to me from parents indicated that this would be a great event to have in first term. We will put it on our calendar next year earlier in the year.

Thank you for supporting us by participating in these events.

Recover from Colds and Flu and then……back to school

We have had many students with their share of runny noses, sore throats, headaches and stomach pains throughout the year. It is important that students stay home from school to recover from these symptoms. However, it is equally important that they return to school as soon as they can so that important school work is not missed. Please ensure your child has a box of tissues for their personal use.
Focus On- iPads In Our Classrooms

At Kruger we believe that ICTs need to be both taught explicitly and used as a tool in all classrooms. In previous articles, I have explained the use of interactive whiteboards and computers in classrooms and the Year 1-3 computer lessons. Our latest innovation is the iPad trial in Prep –Year 2.

Our Prep students will graduate in 2026 into a very different world. Already our washing machines have more computing power than NASA did to reach the moon. Human knowledge is doubling every 2 days and every 10 minutes by 2021. Our children live in a multimedia world—a world where information is available about anything just about anywhere just about any time. They expect instant communication and often in a digital way. Knowledge jobs will be 70% of the workforce. Business wants these skills not knowledge- creativity, critical thinking, collaboration & communication.

This means teachers have to adapt how we teach also. We have researched schools around Australia in how we can further use ICTs, specifically iPads to assist student learning. The benefits of this type of learning include:

- High levels of student engagement
- Opportunities to individualise learning
- Real world learning –access to resources
- Collaborative approach to learning
- Development of problem solving skills
- Enhanced communication skills

We have decided to introduce iPads because of the stability of the platform and the control over licensing Apps by Apple to avoid issues with malware and viruses. Additionally Apple has a specific education focus with by far the greatest number of Apps (many free) available. Teachers have been assessing Apps which will be preloaded on the devices with a core list and a year level list installed. The school has developed a central hub to control the deployment of the iPads and the applicable software.

The full implementation of the program will begin before the end of this term, with a review at the end of the year. I am convinced this will be a great benefit for our students. However, the iPad is just a tool. You don’t need to buy one but, if you do, you may just find it hard to borrow back!!

Justin Smith Deputy Principal

Donations of Preloved Kruger SS Uniforms

We are in great need of preloved Kruger SS uniforms to be held at the office for emergencies. If you have any uniforms available, we would be grateful if you could please donate them to the school. We would appreciate donations of clean uniforms, any sizes, as some student may need to change into these uniforms if required. Thank you for your assistance.

Head Lice

It has come to our attention that we currently have a number of cases of head lice in the school.

Some parents in each class are being very responsible by checking and treating their children regularly, but this is only effective if EVERY child is checked and treated, as well as other members of the family.

The Health Department advises that it is the parents’ responsibility to detect and treat head lice infestations.

Teachers and Child Health Nurses are not expected to do head inspections as this is not part of their duties.

PLEASE CHECK YOUR CHILD AND OTHER FAMILY MEMBERS AND TREAT PROMPTLY IF YOU FIND EGGS (NITS) OR LICE.

In the event that it comes to our attention that a child has head lice, we need to act in accordance with departmental policy. This requires us to contact parents to ask for prompt attention to treatment. Children who have head lice do not need to be excluded from school if correct treatment has been recently applied.

What if it rains?

Normally we will attempt to run the show. Monster Trucks still perform well and look great in any weather conditions and love mud. If the grounds are extremely wet then it’s a matter of checking our website: www.biggive2.org/australia or https://www.facebook.com/pages/Big-Give-2/501894789848513

We will update this on an hourly basis. However normally our events run rain hail or shine, some support acts such as FMX will obviously be cancelled - on very rare occasions we will resort to a following day rain date.
