## Message from the Principal, Mrs Jody Stehbens

### Awesome Attendance for Term 2 Week 6 & 7

#### Our Attendance for Week 6 & 7

This year we are tracking the attendance by absence points rather than percentages.

½ day absence = 1 point and full day

absent is 2 points...

The least number of points a class gets wins the trophy for that week.

## Before and After School Drop Off/Collection- Important Message for all Kruger Families

School starts each day at 8:20am. If students arrive at school before 8:20am and are not accompanied by an adult, they need to wait in the Top Under Cover Area, near the tuckshop. Should students need assistance during this time, staff are available for students to check-in with.

Please note that there is no formal supervision of students throughout the school prior to 8:20am.

School concludes each day at **2:30pm** and students are then dismissed from the classrooms. There may be staff available to support large numbers of students leaving the grounds via the gates and remind students about safe ways to get home.

Please note however, that there is no formal supervision of students after 2:30pm.

In the bottom car park pick up/drop off zone, there is only supervision by staff until 2:45pm. Students who remain **uncollected** in this area after 2:45pm will be escorted by staff to the **Top Under Cover Area near the Tuckshop**, to await parent arrival. Please note that again there is no formal supervision in this area, however, staff may be accessed by students who need assistance.

## Potential Outside School Hours Care at Kruger

Thank you to parents who completed the community survey to investigate possible interest in Kruger having its own on-site Outside School Hours Care/Vacation Care facility.

At this stage, this form served as an expression of interest only. This does not mean that Kruger will be definitely providing this service.

However, if the community responds with enough interest, this potential plan could become an exciting reality for us in the near future!

A final decision will not be made until later in the year. Once confirmed, parents will be advised.

## Kruger Kids on the Air! – River949 Weather Watch

Local radio station, River949, does a segment on their breakfast show each morning called 'Primary School Weather Watch', where they ask schools to nominate students to read the weather for them at 8:30am each morning.

It's Kruger's turn from the 5th of June to the 9th of June.

The station will send us the weather script each day and our Community Engagement Teacher will assist the students chosen to read their report live on radio over the phone. Parental permission will be obtained for students nominated by their Teacher for the task.

Tune in to River949 Monday to Friday from June 5th-9th at 8:30am to hear the Kruger Kids!

## FREE Prep Vision Screen Program – Kruger State School – Term 3

The State government is offering a **FREE prep-aged vision screening program** to all primary schools in Queensland under the newly funded Primary Schools Nurse Health Readiness Program.

In Term 3, a registered nurse will be screening the vision of children in their first year of formal schooling (Prep) at Kruger State School. Good vision is important for children's educational, physical and social development, so the earlier a problem is detected, the better the treatment outcomes.

There is **no charge** to parents for this prep student vision screening service.

**Further information and Parental consent forms have been sent home with every Prep student enrolled at Kruger State School for parents to complete, sign and return to the school office before the Friday 9th June 2017.**

On return of the Parental consent form, your child will have their vision screened on a date to be advised by the school.

If you have any questions regarding the vision screening program, please contact the Primary School Nurse Health Readiness Program on 1800 687 372 (free call).

## Gala Sport Day – Friday 26 May

Kruger Crocs played well, winning all of their competitive games in all age divisions except for under 9's, where Kruger Blue beat Kruger Green. All teams showed great commitment to the games. We need to continue to work on our team attitude and skills.

The Junior and Senior Boys Soccer Teams both contested four games across the opening day of fixtures. Despite a valiant effort from the Juniors, they only managed to secure one draw on the day. The Senior boys showed great fighting spirit, securing three wins from their four games.

Our Kruger Croc girls had their first netball gala day on Friday. The 12s won 2 out of 3 games, the 11Bs won 2 from 2, the 11As won 2 from 2 and our 10s won 1 from 2. A great start to their season. Well done girls!

## Maths Review

Our teachers and the leadership team are currently working on looking at all the factors that help our students become more confident and successful in mathematics. Our teachers are growing their knowledge in the areas of effective teaching strategies and skills for increasing student's engagement, knowledge, memory and success in maths lessons. We are still hearing those negative self-talk comments made by students every week:

"I can't do maths"

"I don't like maths – it is too hard"

"I will never be good at maths – I just don't think like that"

While these maybe how students (and some adults feel), we believe that our teachers and students have the skills, knowledge and practices to make a difference for every student's maths development.

## You Can Help Us!

Here are some ways:

- Help your child/ren see maths every day in everything that they do:
  - Involve them in cooking (measuring), counting (cars, steps, pages etc),
  - working out everyday problems using maths – counting out money, paying for shopping and looking at change from shopping
  - Measuring things using a tape measure/ruler
  - Weighing things
  - Looking for shapes in the home/car/shopping environment
- When they say "they can't do maths (or something)":
  - Remind them that they might not be able to do it "yet" or that they are not supposed to know everything when they are born
  - Remind them to be persistent – give them an example of when they "stuck it out", "hung in there" and were successful
- When maths homework is set:
  - Help them remember when they may have done something like this in real life or make some of the questions into real life situation
  - If you are unsure ask your child's teacher – get clarity, search for ideas on u tube/google
  - Provide your child with some hands on resources to help them understand

## Focus On - The Australian Dietary Guidelines for Children and Adolescents

### The role of schools

Schools have an important role in promoting healthy eating and physical activity to students and providing an environment that supports a healthy lifestyle. A healthy diet can improve behaviours critical to educational success and performance at school. Effective school-based nutrition and health interventions can also help improve academic performance.

Tuckshops are an important part of the school environment; they can model healthy food and drink choices that are tasty, interesting and affordable, and provide the means to put into practice nutrition messages taught in the classroom.

*The Australian Dietary Guidelines for Children and Adolescents (2003)* were developed by the National Health and Medical Research Council as a useful tool to promote healthy eating patterns. They are based on the best scientific evidence available and current knowledge about what children need to grow and develop to their

optimum potential. The guidelines are not listed in order of importance and should be considered together as a package rather than in isolation.

Encourage and support breastfeeding.

Children and adolescents need sufficient nutritious foods to grow and develop normally.

Growth should be checked regularly for young children.

Physical activity is important for all children and adolescents.

Enjoy a wide variety of nutritious foods.

Children and adolescents should be encouraged to:

- eat plenty of vegetables, legumes and fruits
- eat plenty of cereals, (including breads, rice, pasta and noodles), preferably wholegrain
- include lean meat, fish, poultry and/or alternatives include milks, yoghurt, cheese and/or alternatives. Reduced fat milks are not suitable for young children under two years old, because of their energy needs, but reduced fat varieties should be encouraged for older children and adolescents
- choose water as a drink.

And care should be taken to:

- limit saturated fat and moderate total fat intake. Low fat diets are not suitable for infants
- choose foods low in salt
- consume only moderate amounts of sugars and foods containing added sugars.

Care for your child's food: prepare and store it safely.

## A Message from the P&C

Thank you to all who attended the recent 'Pyjama Party' Disco on Friday the 26th of May. What a great success the night was! Students arrived in their PJs and onesies, purchased their glow products and then danced and played games with their friends. We have some very talented Limbo dancers!!

Feedback from parents let us know that the community liked the earlier timeslots introduced and appreciated being able to take the kids out, but then get back home before the evening got too late (or chilly!).

Many thanks to our DJ Mr K and to our wonderful staff who volunteered their evening to help with supervision. We look forward to the next disco taking place in Semester 2!

Don't forget to put the 20th of June into your calendar early - it's *Kruger's Got Talent* night, an event that you won't want to miss! More information will be sent home with students in the coming weeks. We hope to see you there!

## Physical Education 2017

Some provisional date claimers for the year are as follows;

### Term 2

Senior Athletics Carnival - June 7th - at Kruger State School

### Term 3

District Athletics July 17th and 18th at Limestone Park, Ipswich

Central District Girls AFL trials - July 24th

Central District Cricket trials - July 31st

**Season 1 Sport** (girls/boys rugby league, girls/boys soccer and netball)

Gala day 3 - June 9th

**Season 2 Sport** (boys and girls basketball, boys and girls touch/oz-tag and boys and girls AFL)

Week 1 – July 28th, Week 2 – August 4th, Week 3 – August 11th and Week 4 – August 18th

Junior (Prep – Year 2) Sports Day and Cross Country will be in terms 3 and 4 respectively with final dates to be arranged.

Winter Gala Days (Season 1) - Mr McMurtrie, Mr Kunitau and Mrs Fleming-Keyes will be coaching rugby league. Mr Garrard will be coaching the boys' soccer teams. Mr Gall and I will be coaching the girls' soccer teams and Ms Johnston and Ms Wilton will be coaching netball.

**As quotes for sport are yet to be finalised a rough guide to the costs are as follows:**

Winter Gala Days (**Season 1**) @ \$24 to \$30, and Mid - year sport (**Season 2**) @ \$30 - \$34.

Please note that this is just an estimate at this stage and costs may change when details are finalised. To be eligible to represent our school in a sporting team, parents are reminded that a down payment for the resource scheme levy must be made at the office.

To help with organisation, district draws and bus booking etc, we need to have teams organised prior to sporting nominations being called for by sports convenors. This will determine the amount of teams we will have representing our school and hopefully prevent us having to pull teams out of competitions after draws and fixture lists have been drawn up. Therefore we will be asking that full payment for Season 1 sport be paid to the office (with only students who have paid a down payment on the school resource scheme levy being eligible to play) and full payment for Season 2 sport being received by June 16th (with only students who have paid the full amount for the resource scheme levy being eligible to play). If you require a payment plan, please see the office as soon as possible.

Students playing rugby league this year are advised that the safety guidelines **recommend students wear a mouth guard while playing and training. We thoroughly recommend that these guidelines are followed for student safety.** Some sports that will be taught during school lessons such as hockey also suggest students wear a mouth guard. The school has a limited supply of mouth guards for sale if any student needs one. These can be purchased at the office for \$5.00 **WHILE SUPPLIES LAST.**

**In physical education classes students will be learning the following;**

**Year 6** – European Handball, Golf, Badminton, Athletics, Volleyball and Softball

**Year 5** – Badminton, Golf, Lacrosse, Athletics, Volleyball and Softball

**Year 4** – Hockey, AFL, Basketball, Athletics, T-ball and Netball

**Year 3** – Hockey/r, Basketball, Athletics, T- Ball and Netball

I look forward to another very productive and rewarding year.

## Christian Religious Instruction (RI)

As of Friday the 17th February 2017, Kruger State School recommenced Christian Religious Instruction which covers basic beliefs in the Christian faith, in a relevant and engaging way, for Years 1, 2 and 6. Years 3 & 5 will commence RI at the start of Term 3 and Year 2 will stop due to other school commitments.

At the beginning of Term 1, families of students in Years 1, 2 and 6 received a letter to confirm or opt out of Religious

Instruction Class for 2017. More places are available should you wish your child to participate.

Students who have not opted into Christian RI will complete other instruction and will be supervised in a separate learning space. Other instruction will relate to part of a subject area already covered in class and may include, but is not restricted to: personal research and assignments, independent reading, revision of class work such as literacy and numeracy activities and/or online programs currently accessed by the students.

There will be no charge for these lessons, as CRI will cover any costs through donations by the local Church communities.

Carl Howard is the RI Coordinator. If you would like more information or you would like to discuss any aspect of the program in further detail, you may contact Tracey at the school office on 3814 9333.

ARTICLE: School Watch during School Holidays

School Watch is a community based awareness and crime prevention program aimed at safeguarding schools against vandalism, theft and arson.

We depend on students, parents and all members of the community to:

**LOOK LISTEN and REPORT**

**DO NOT** take any further action

**Phone 13 1788**

Or phone your local police.

## Head Lice

It has come to our attention that we currently have a number of cases of head lice in the school.

Some parents in each class are being very responsible by checking and treating their children regularly, but this is only effective if **EVERY** child is checked and treated, as well as other members of the family.

The Health Department advises that it is the parents' responsibility to detect and treat head lice infestations.

Teachers and Child Health Nurses are not expected to do head inspections as this is not part of their duties.

**PLEASE CHECK YOUR CHILD AND OTHER FAMILY MEMBERS AND TREAT PROMPTLY IF YOU FIND EGGS (NITS) OR LICE.**

In the event that it comes to our attention that a child has head lice, we need to act in accordance with departmental policy. This requires us to contact parents to ask for prompt attention to treatment. **Children who have head lice do not need to be excluded from school if correct treatment has been recently applied.**

## Lost Property – Please Check Lost Property Trolley

Currently, there are **un-named items** in the trolley that have not been claimed. Please check the lost property trolley for lost items. It is important that your child's belongings have their name on them so that they can be returned to you.

## Goodna Services Club – Breakfast Club

Kruger State School would like to thank the Goodna Services Club for their continued support and donation to the Chaplaincy Breakfast Club Program. The children appreciate the program as it gives them a great start to the day to 'Be Safe, Best Effort and Be Respectful'.

## School Dental Van – Kruger State School
